

SONITE  
MOSAIC

## OUR STORY

We are the path we have lived through.

From one side of the Pacific Ocean to its opposite, we chose to face contradictions in life by embracing both sides.

Masters of the size of Buckminster Fuller or Norman Foster taught us to look for a way to ease the burden of heavy and clustered architecture, looking for lighter solutions that would leave a softer footprint on our planet.

At the same time, our awe and admiration for historic sites such as Paul Abadie's Sacré-Coeur Basilica kept us looking for a truce between function and aesthetics.

Our passion is innovation, but we don't want to pay any price for it. Instead, we want to leave a good mark in the community we live in.

We are industrialists in the way we provide quality, efficiency and solidity, but we have in our memory the contact with nature that our ancestors engraved on us around the fire when the light of the sun went below the horizon line. Therefore, our technology is applied in a hand-crafted manner, allowing every single piece of our designs to be unique in its own way.

Sonite Surfaces is a family made of everyone that shared our journey and pursued our dreams along the way.

And this is only the beginning.

Lorem ipsum

## A NEW PARADIGM

The nature of our products allows us to reach far beyond what we thought possible.

For the traditional application as floor and wall coverings, we simplify the logistic process, as the lightweight of our materials opens the door for air-freight transport and, thus, there's no more need for storage and lead times are much shorter.

With our state of the art technology we are able to manufacture our mosaics as thin as two millimeters, making them the perfect solution for fast-track renovations.

We can dress elevators, cover ceilings or decorate furniture elements due to the lightweight of our material.

All of the above has allowed us to fulfill all types of projects, from residential to hospitality, and to generate interesting collaborations with the design community.

## YOU DESIGN SONITE

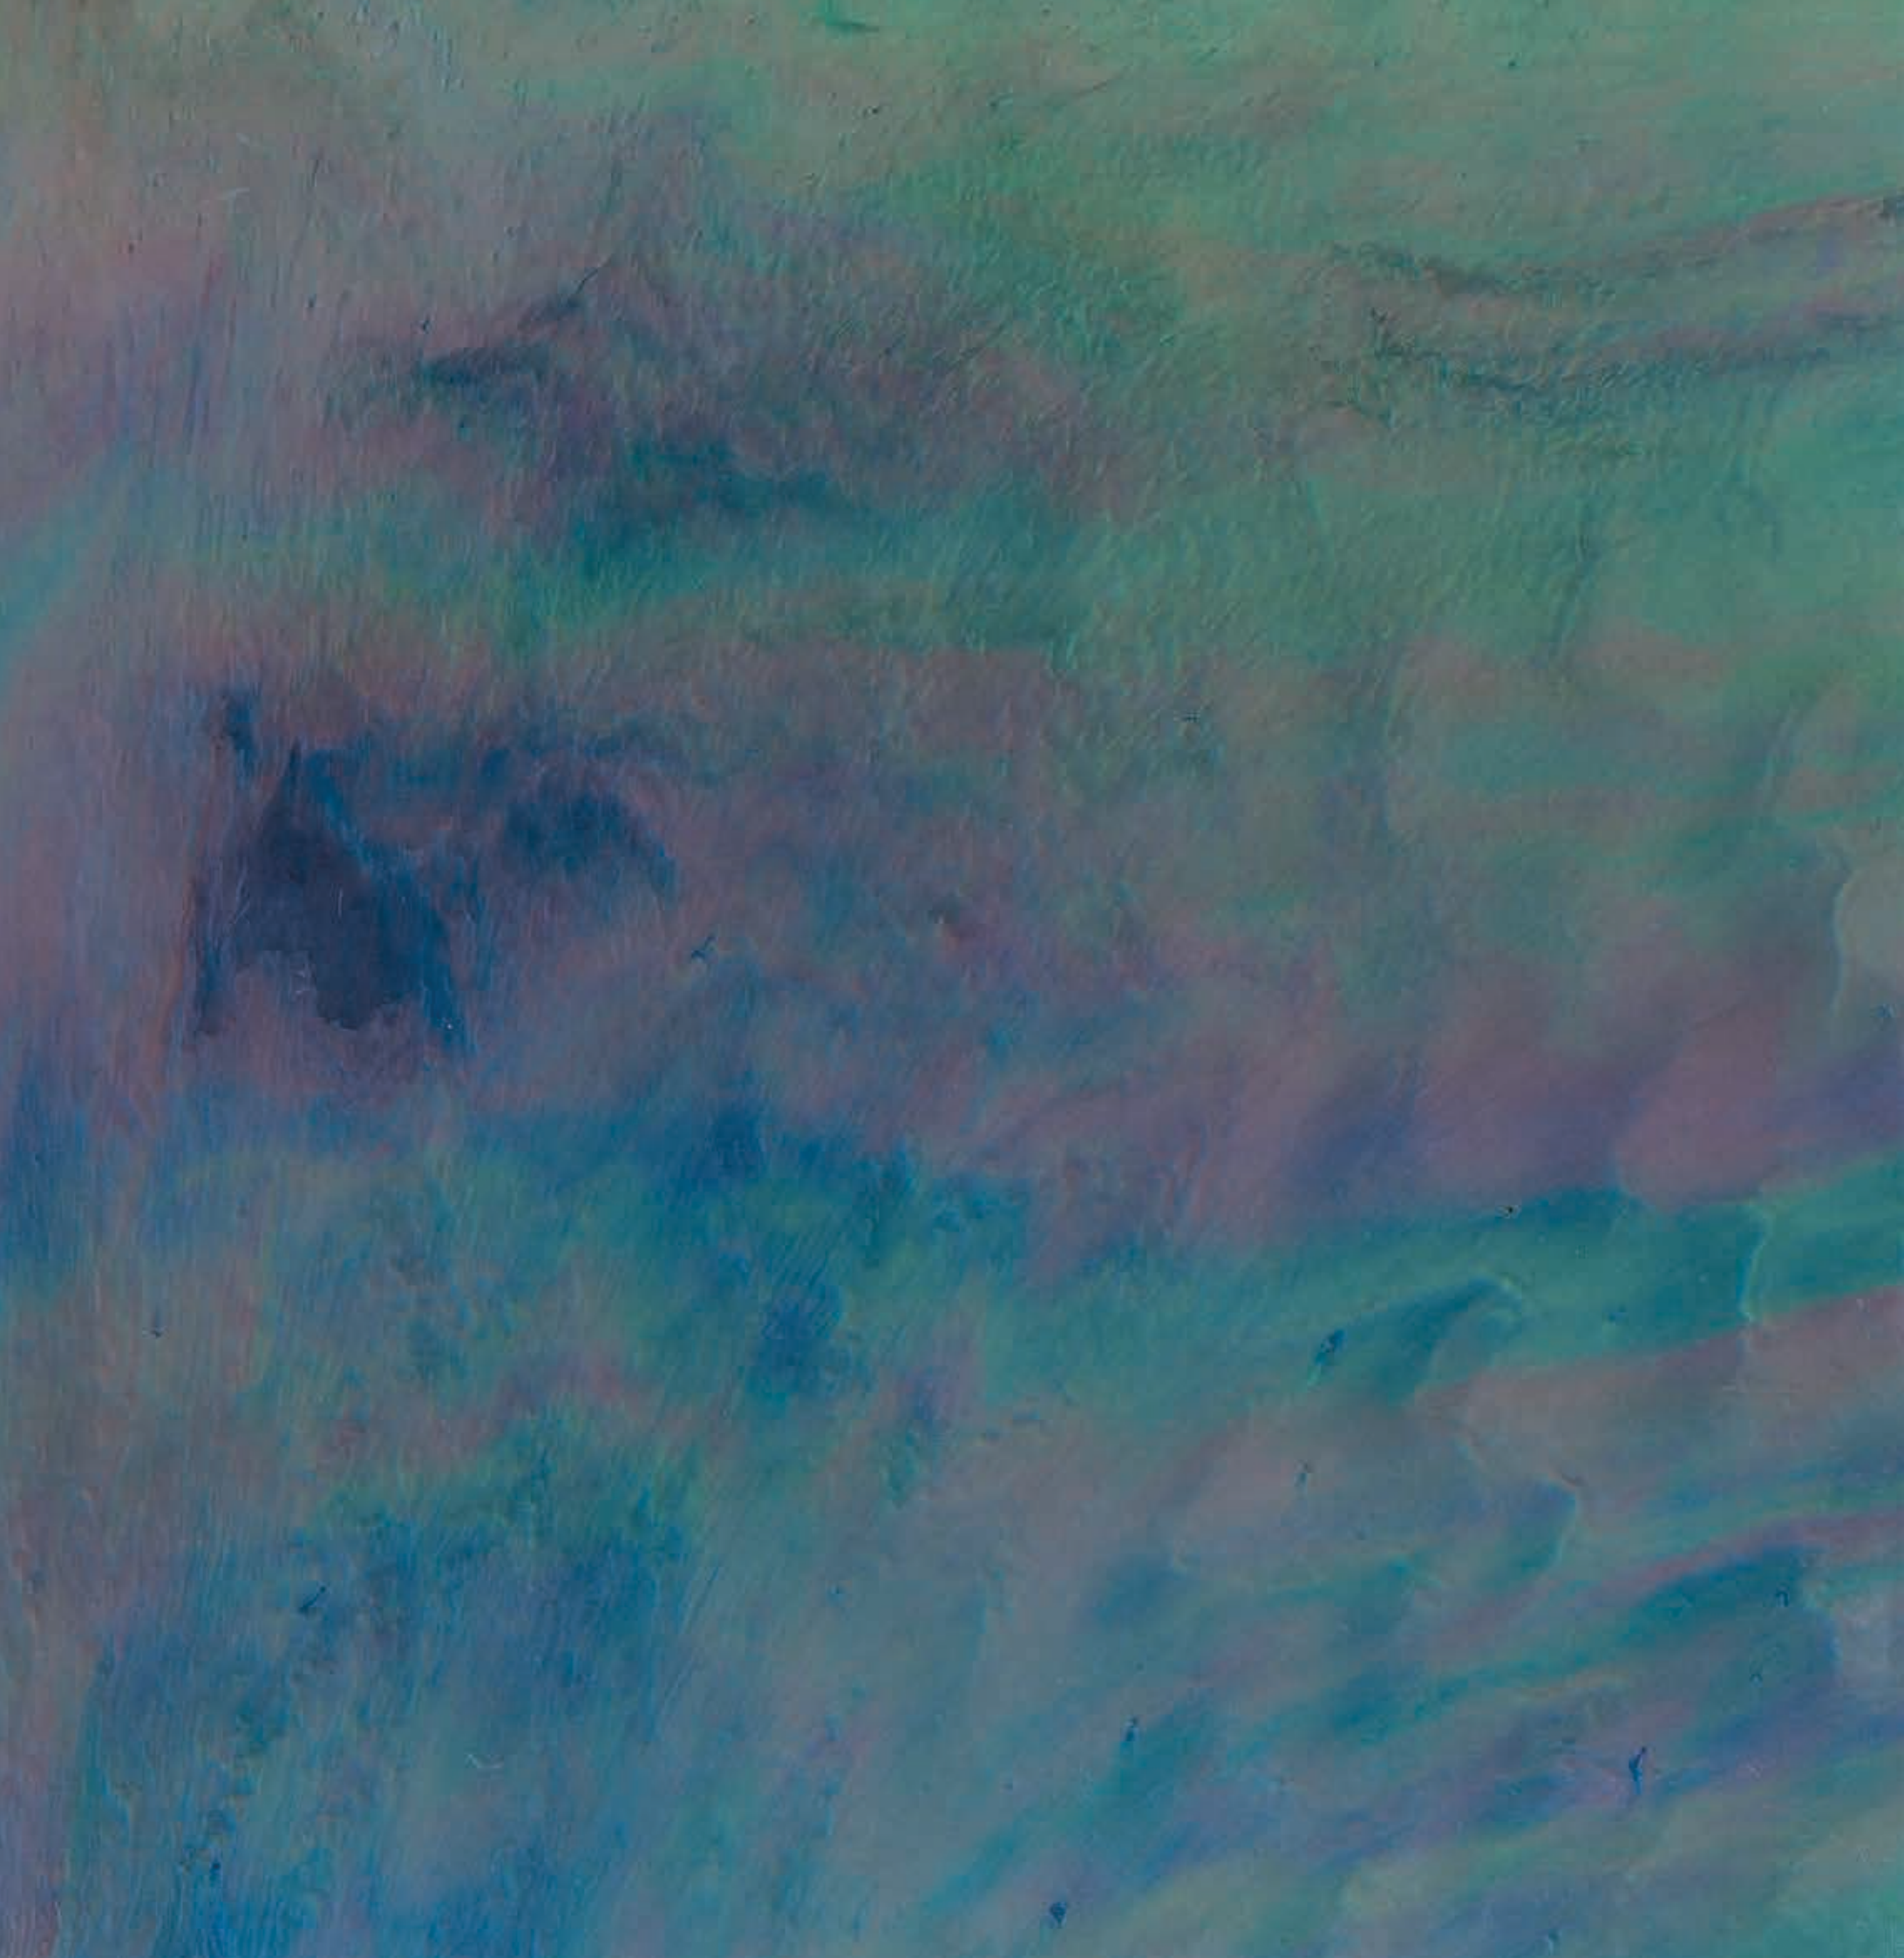

We believe that masterpieces are the result of collaboration. Communities, in fact, go much further than individual ideas.

For this reason, our products have been conceived for you to be the center of the creative process.

Once you've found your inspiration you have to open this book, choose a material, a pattern and a grout colour that matches the concept that you are pursuing.

Make those ideas come true.

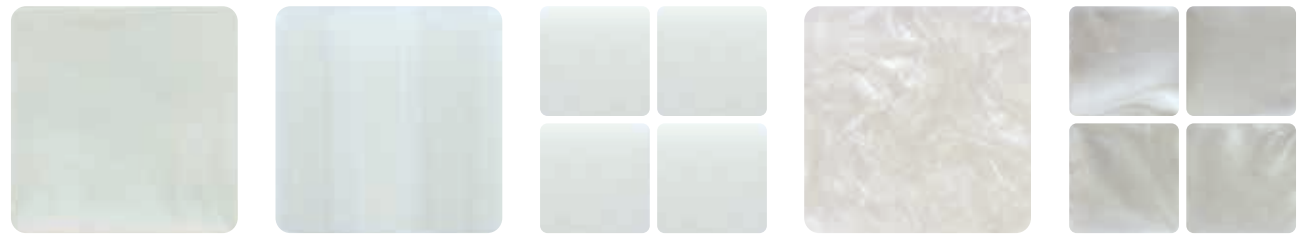

## MATERIALS OF COLOR

Sonite Surfaces' materials are the result of thorough research in production technology that has allowed us to create a new and truly sui generis polymer-based component that opens a world of applications in commercial and residential architecture.

The direct intervention of our crafters in the production process multiplies the final effects within the resin, allowing for the creation of different series of materials.

Adding an extra layer of sophistication, our materials can be produced in four different finishes (glossy, silk, matt and deep brushed), each of them with a very specific personality.

## GROUTING

Choosing the right grouting line tone is a crucial part of personalizing your area. The same mosaic pattern with different grout colours can create a difference in the mood and tone of your living space.

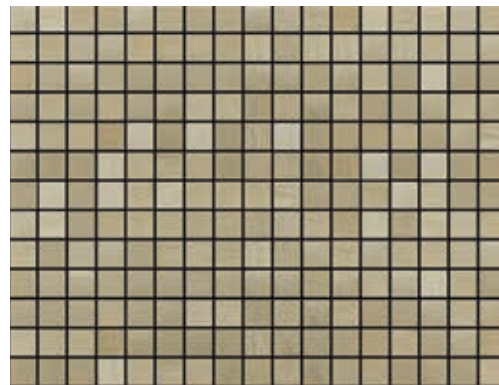

Grout colours determine where your attention will be drawn towards; the serene overall pattern or to the flow within the individual tiles.

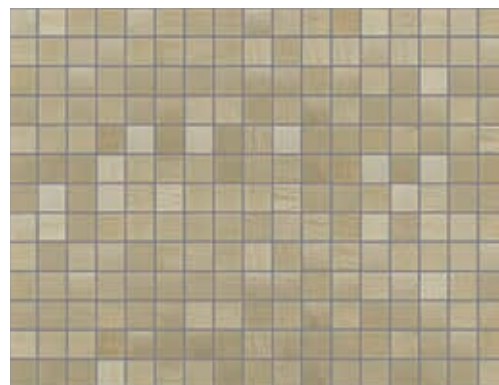

## MATCHING

A classy tone-on-tone choice for the grout creates a welcoming and wholesome ambiance to your space. The lines blend with the background and the personality within every piece will be highlighted.

## BOLD

Using a bright contrasted color will enhance the trim of the mosaic, creating a striking sensation that adds an accent of dramatism to daring designs.

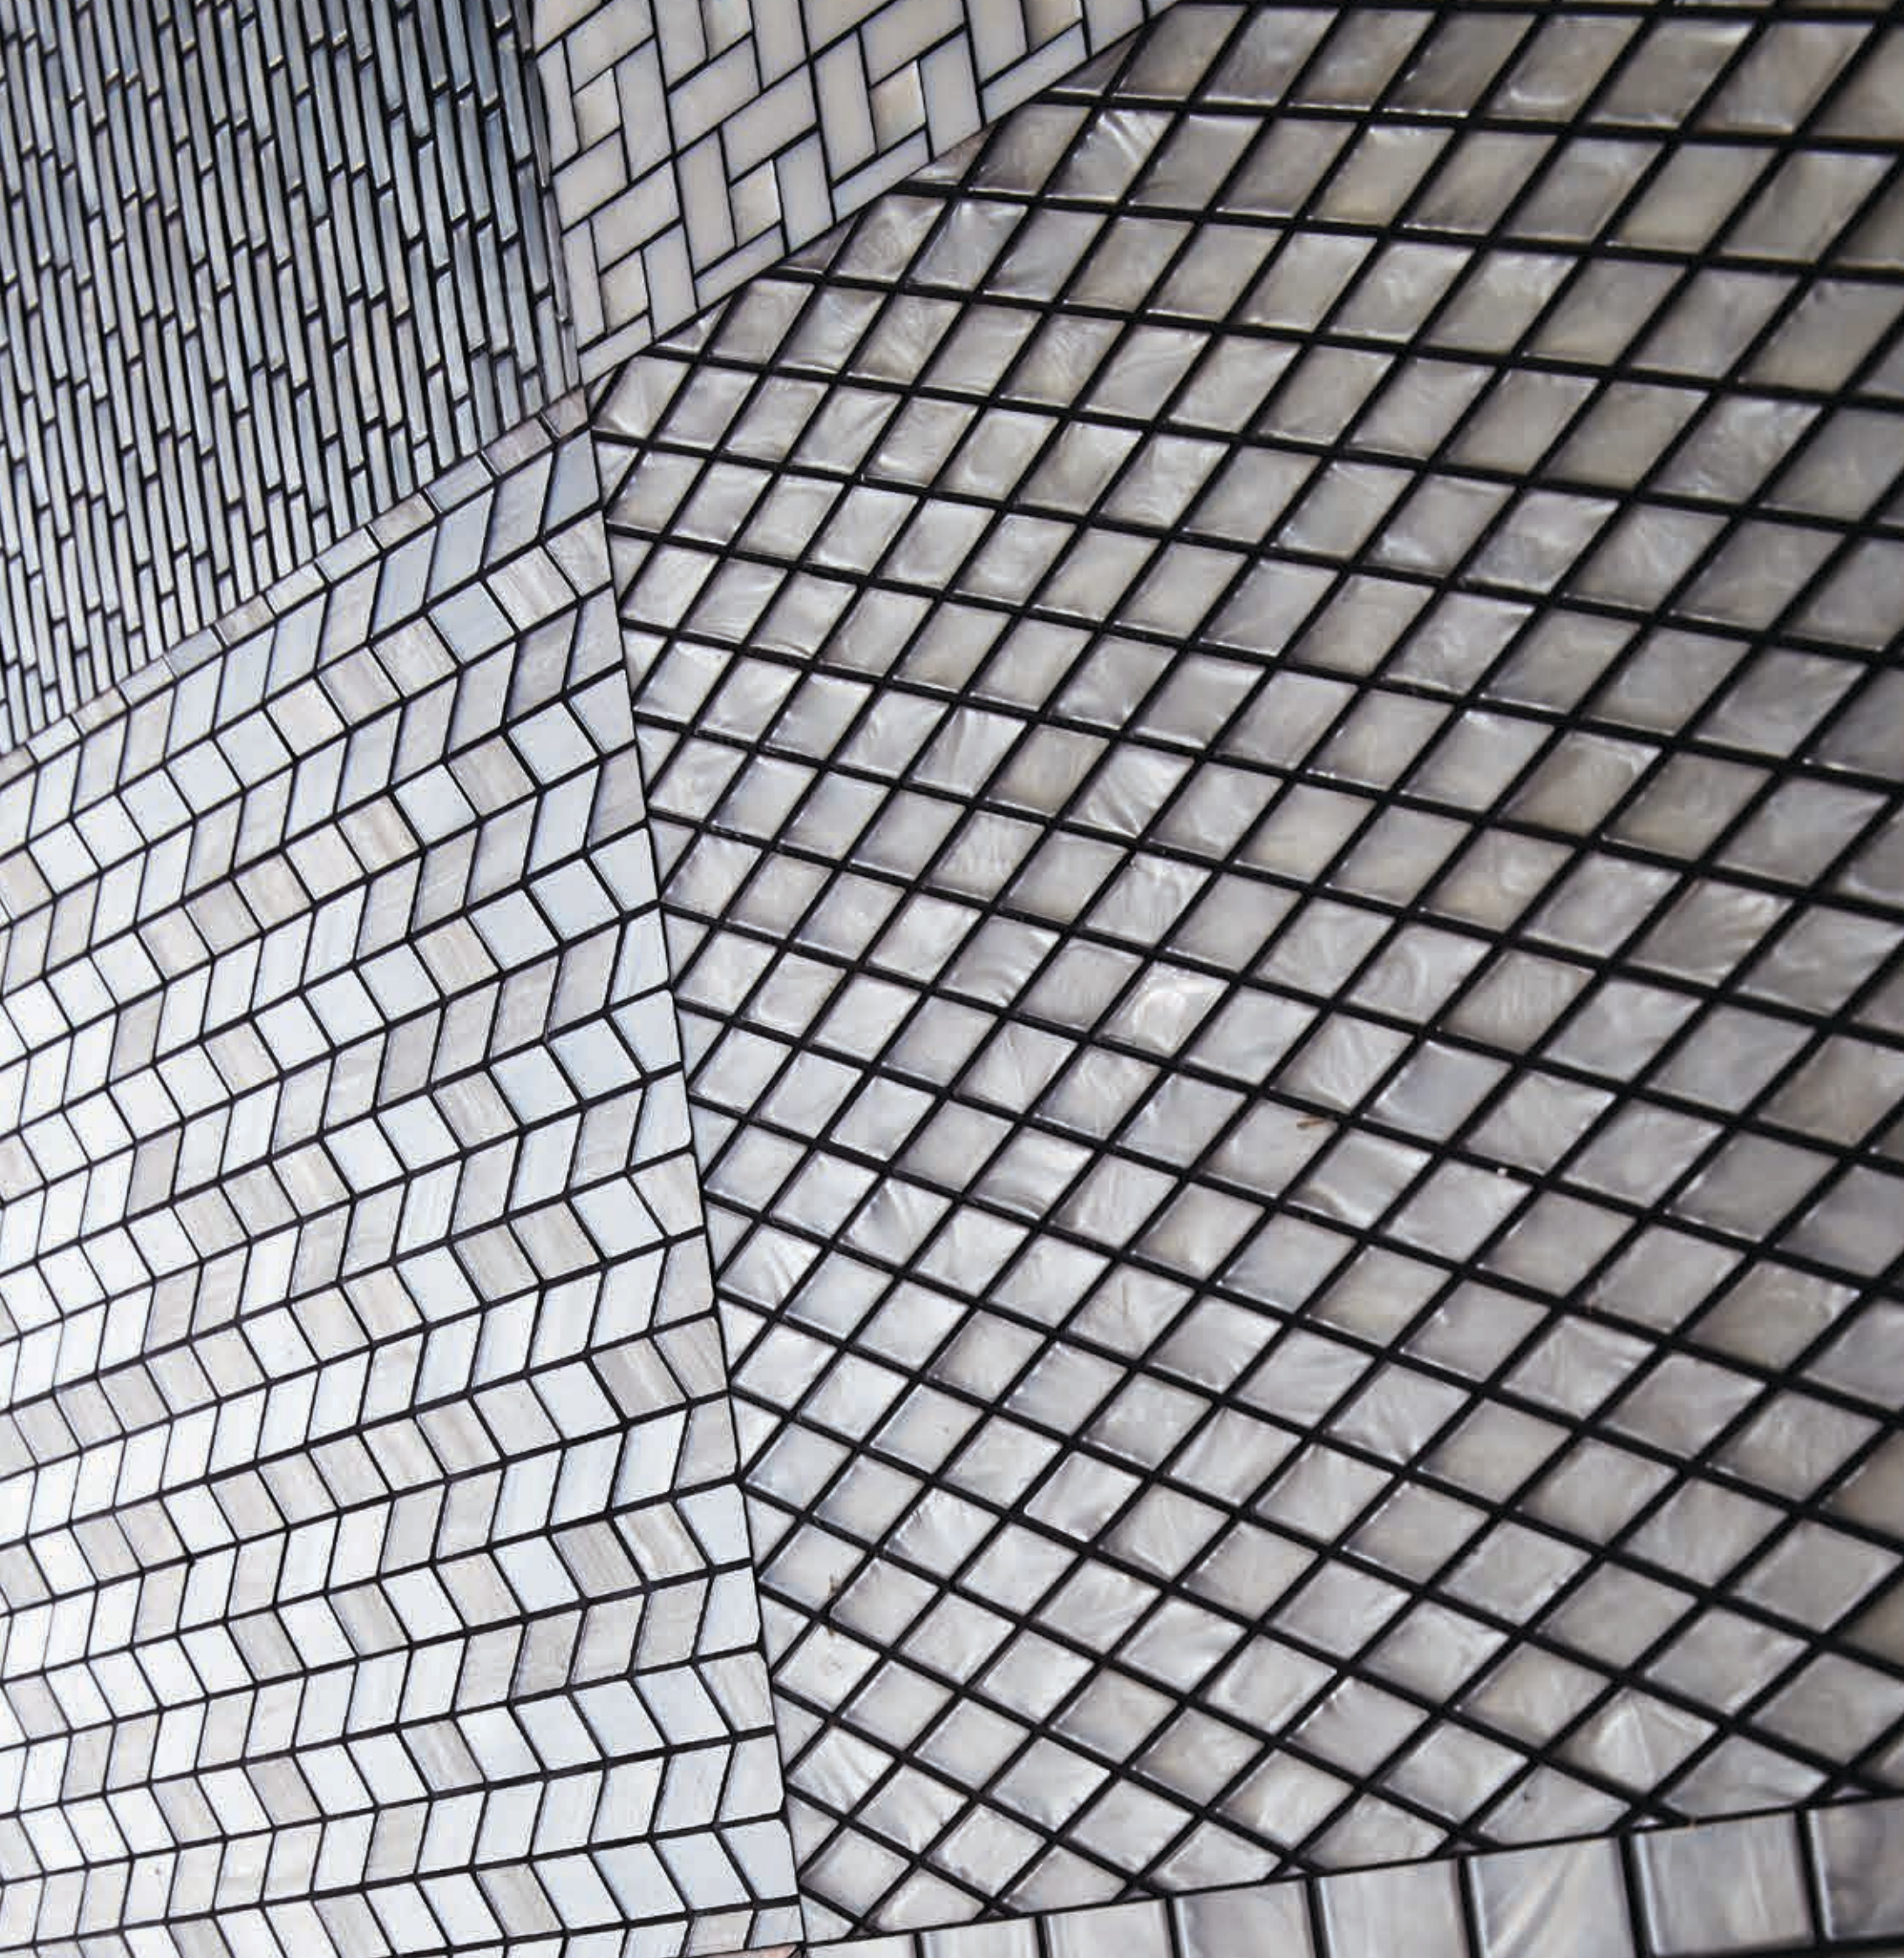

## BLENDED

The grey grouting option will construct a serene environment. The mosaic area will merge with the rest of the space in a subtle but impactful way. The lighter the choice of grey, the less the fragments presented by the mosaic patterns will overpower the integration of your pigment composition

## PATTERNS

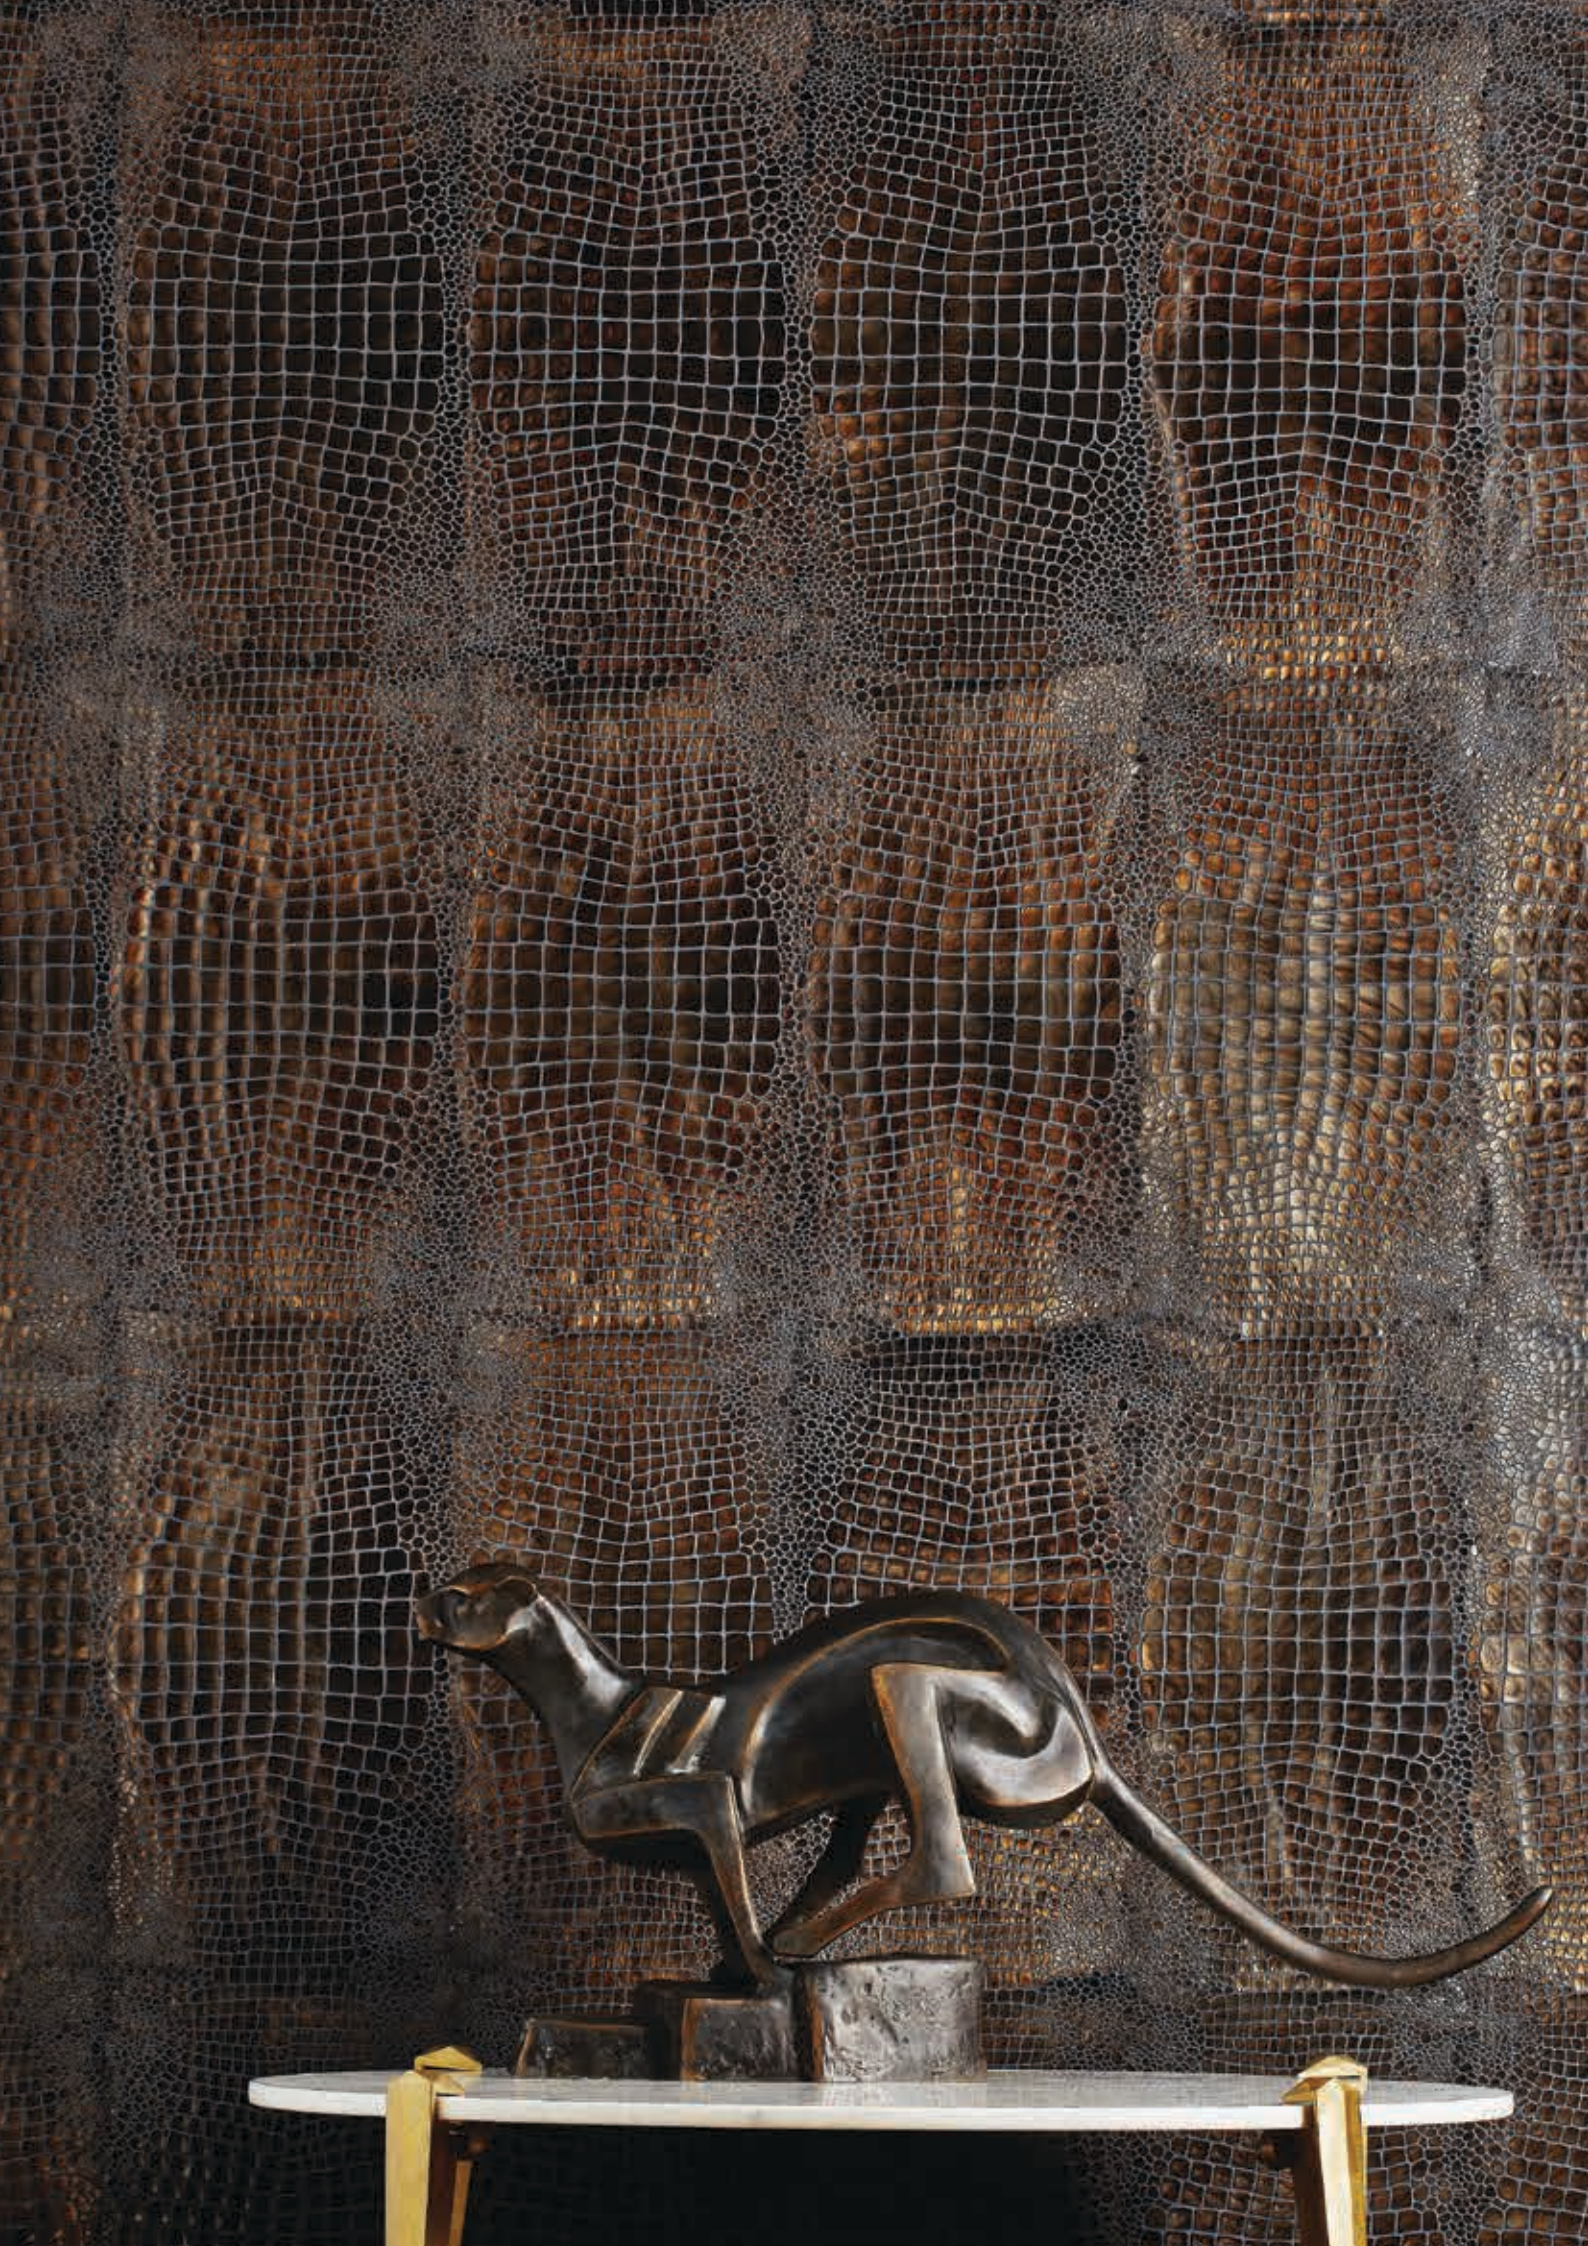

Our aesthetic commitment is with the heritage of the Art masters that invented the craft of image making through mosaics.

From Mesopotamia to Greece, from Pompei to Arabia, humans have been searching throughout the centuries for a way of representing the beauty of the physical and oneiric universe.

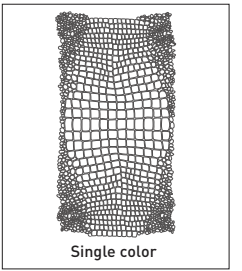

Imagination, as the universe, should have no limits, not in form or meaning, and definitely not in shape.

Sonite's technology allows us to have the biggest creative freedom in the mosaic industry.

## BESPOKE

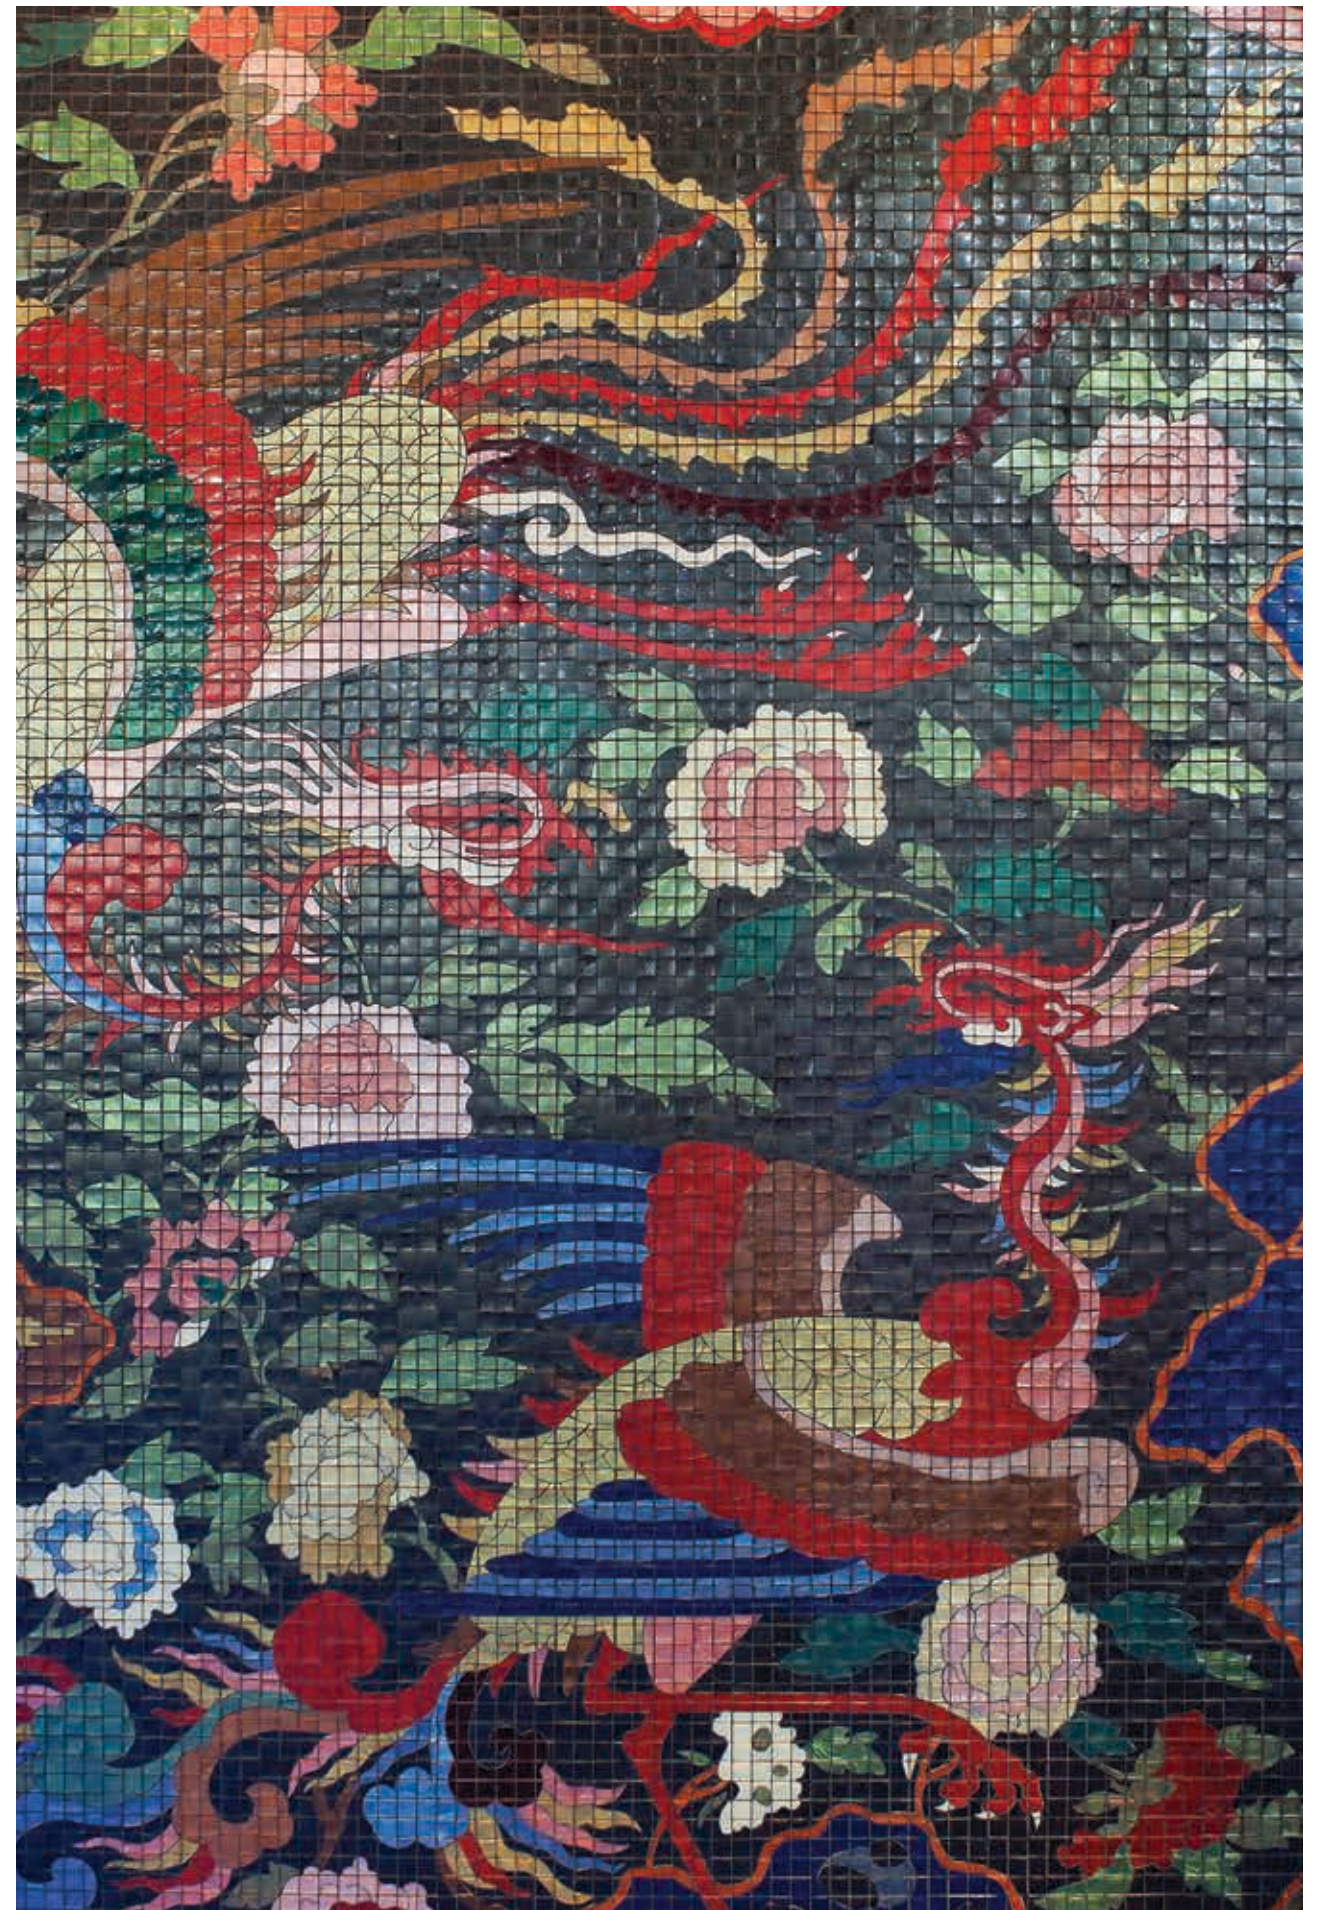

The frontier in which decoration takes the form of an art piece.

Due to the reduced thickness of Sonite's mosaics, we are able to reproduce any image or design without the "pixeling" effect typical of traditional bespoke solutions.

You can choose from our extensive colour pallet (with more than three hundred references) or ask for a specific colour matching.

Please contact our dedicated team at:  
[bespoke@sonitesurfaces.com](mailto:bespoke@sonitesurfaces.com) for any enquiry

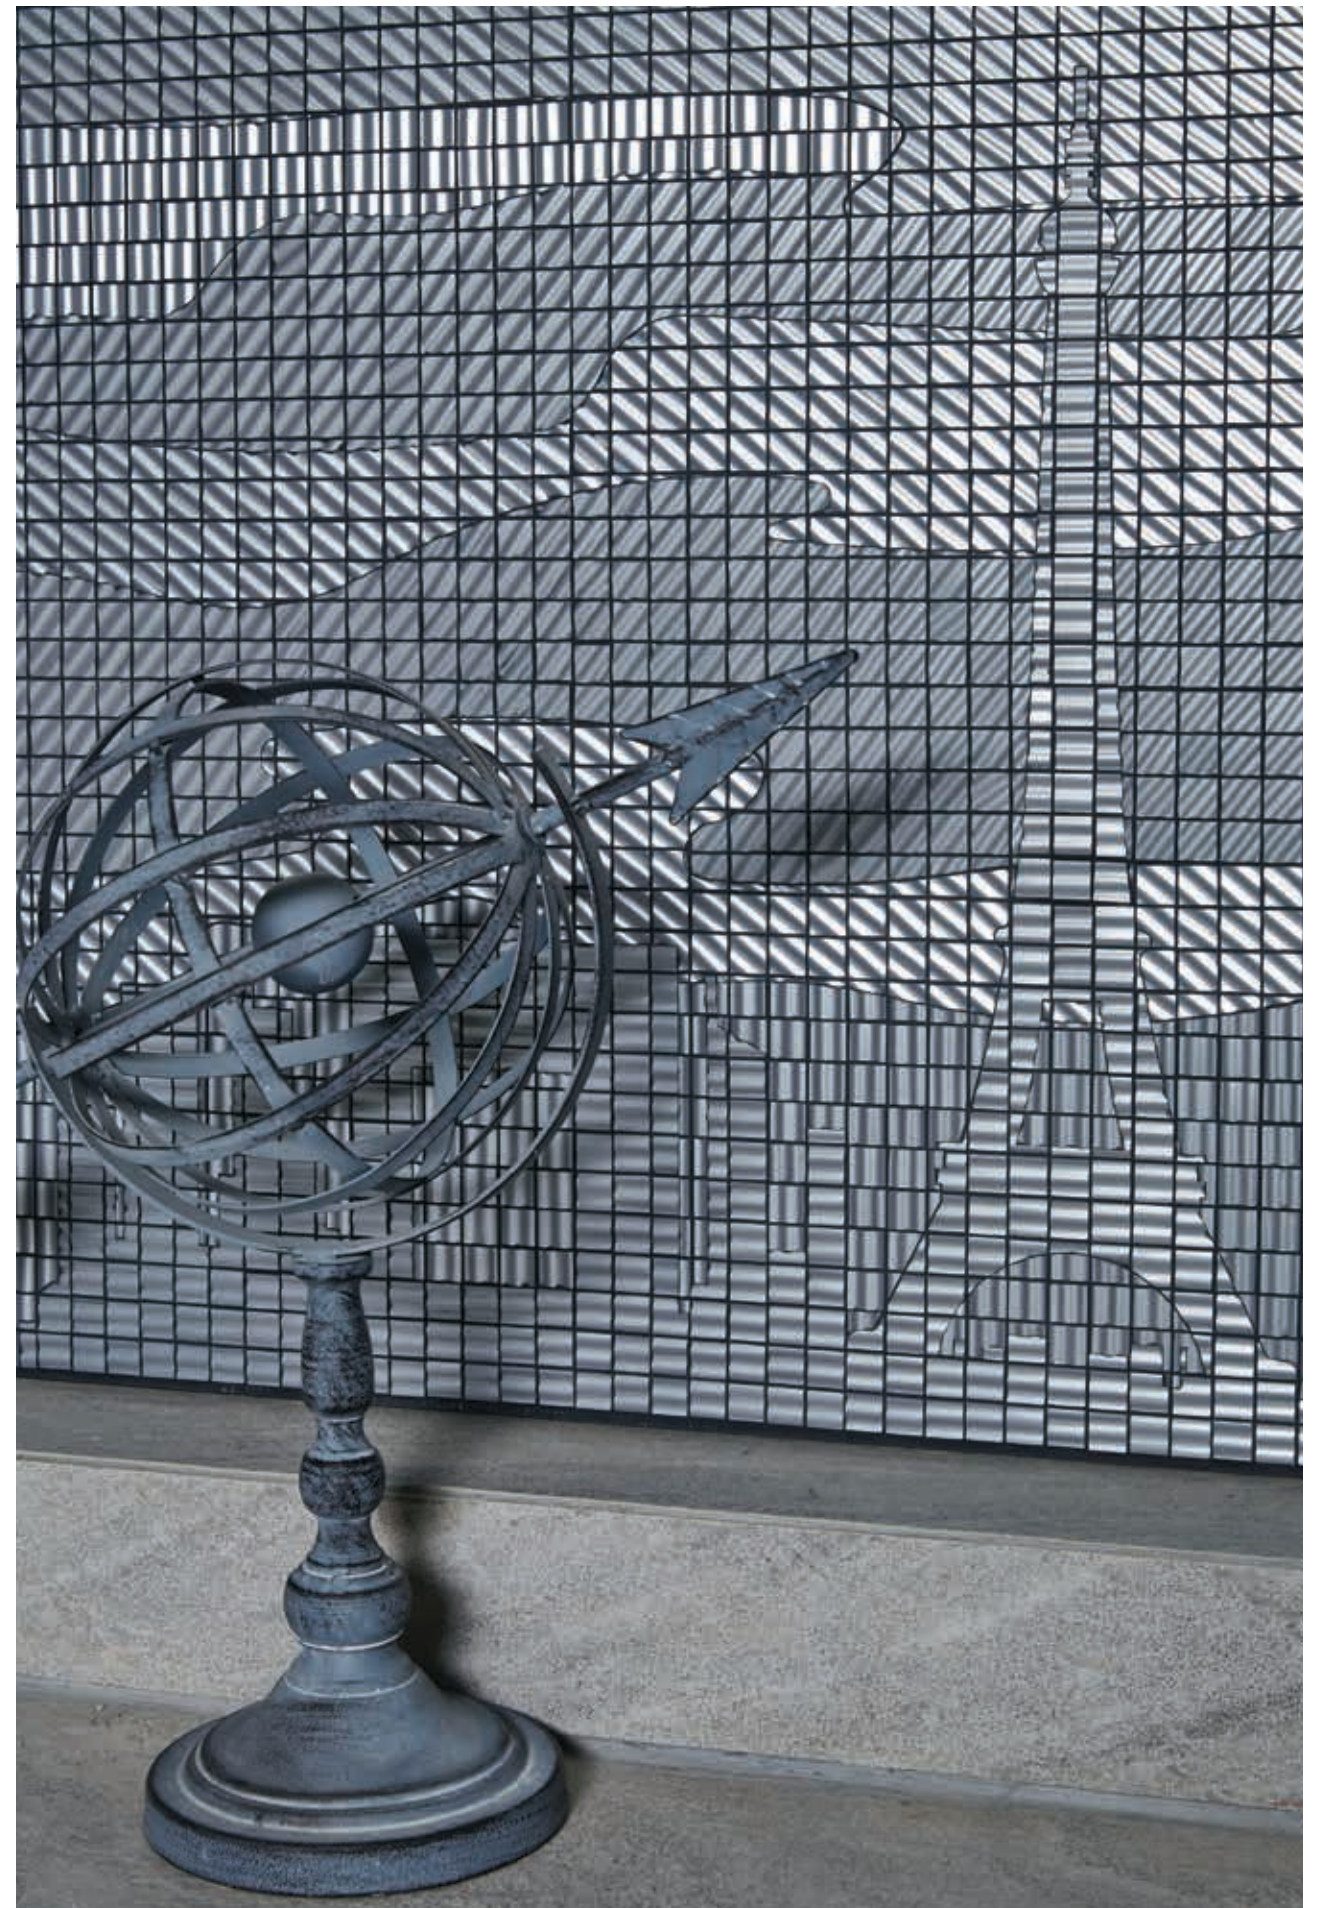

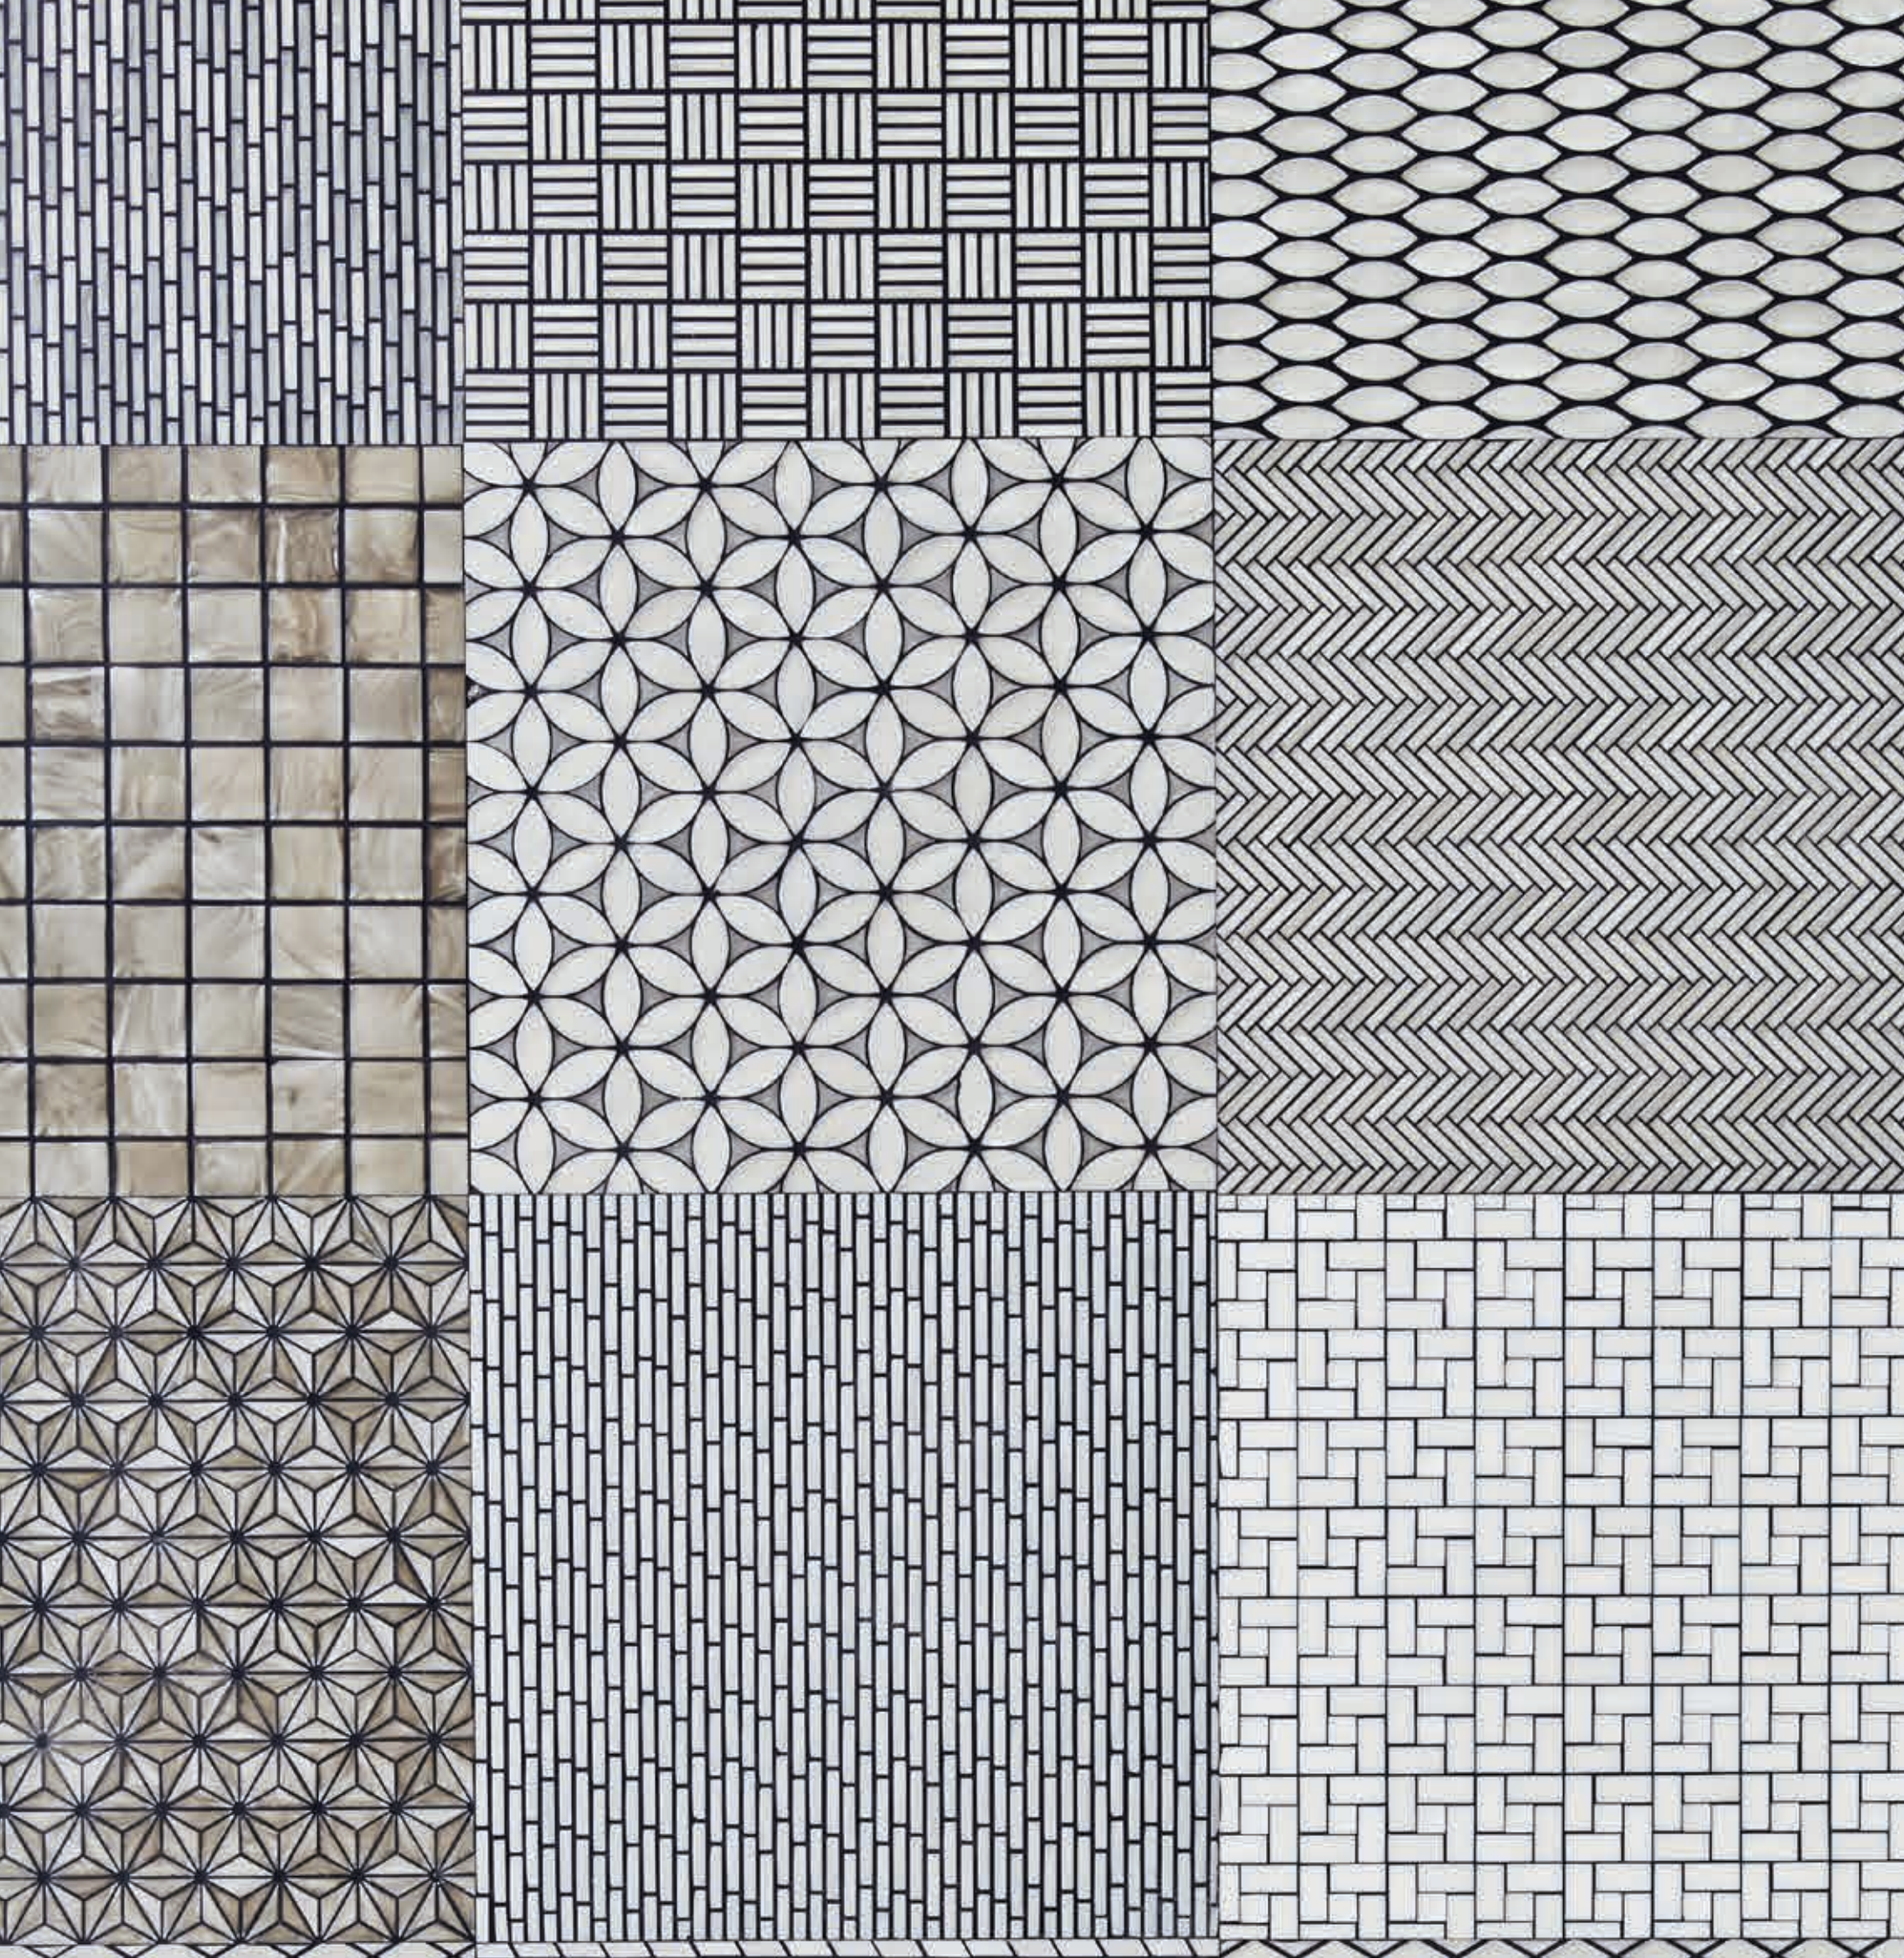

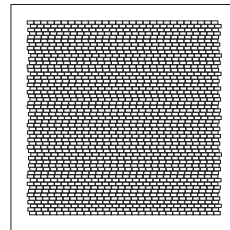

# DESIGN LIBRARY

Are you looking for a design that belongs to the early years of Sonite Surfaces and you haven't found it up until here?

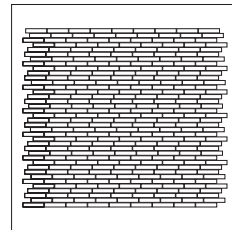

Do not despair and take a trip back in time and customize your design with all of our the patterns that we have designed over time.

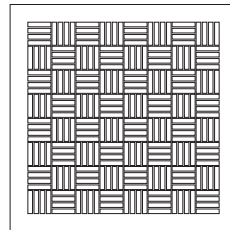

# MASON COLLECTION

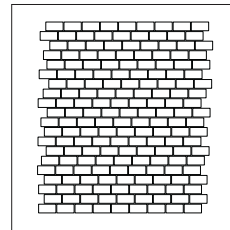

**Bamboo 510**  
30.2 x 30.7 cm / 11.9" x 12.0"

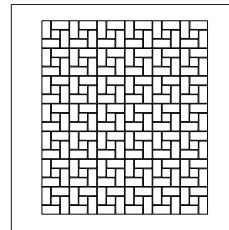

**Bamboo 735**  
32.0 x 29.3 cm / 12.6" x 11.5"

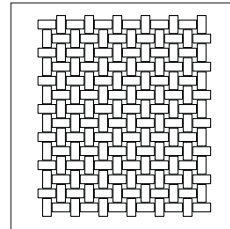

**Basket Weave 735**  
29.0 x 29.0 cm / 11.4" x 11.4"

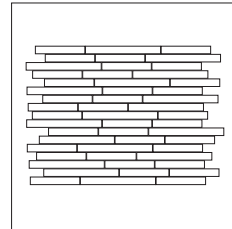

**Bamboo 1530**  
28.4 x 33.0 cm / 11.2" x 13.0"

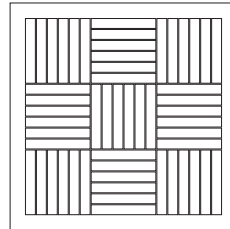

**Bond 1530**  
28.5 x 33.2 cm / 11.2" x 13.1"

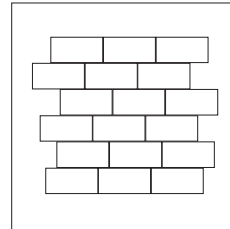

**Braid 1530**  
28.7 x 33.5 cm / 11.3" x 13.2"

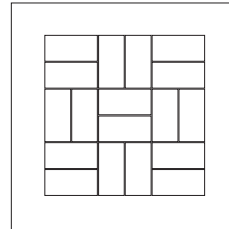

**Bamboo M**  
34.6 x 27.2 cm / 13.6" x 10.7"

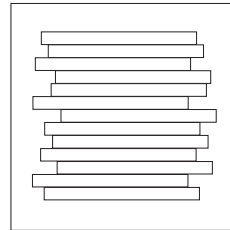

**Basket Weave M 100**  
29.5 x 29.5 cm / 11.6" x 11.6"

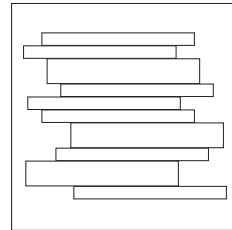

**Bamboo 241**  
29.7 x 29.5 cm / 11.7" x 11.6"

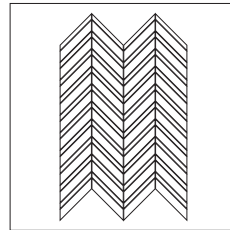

**Basket Weave 241**  
29.6 x 29.6 cm / 11.7" x 11.7"

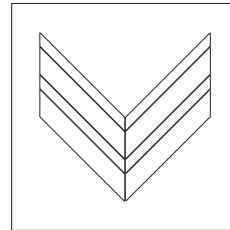

**Bamboo 1121**  
29.7 x 32.1 cm / 11.7" x 12.6"

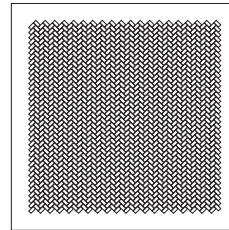

**Bamboo L**  
29.7 x 32.2 cm / 11.7" x 12.7"

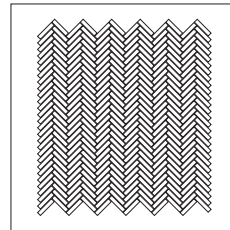

**Gallone M 25**  
25.4 x 34.5 cm / 10.0" x 13.6"

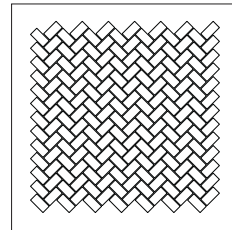

**Gallone L 41**  
41.0 x 20.1 cm / 15.7" x 7.9"

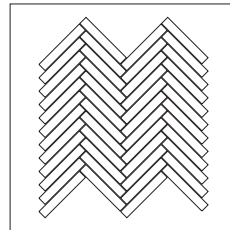

**Herringbone 510**  
30.5 x 30.3 cm / 12.0" x 11.9"

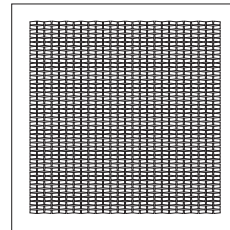

**Herringbone 735**  
31.5 x 29.7 cm / 12.4" x 11.7"

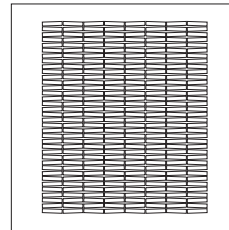

**Herringbone 1530**  
30.5 x 31.2 cm / 12.0" x 12.3"

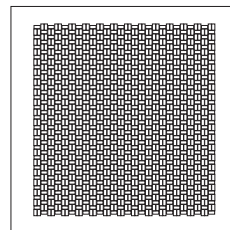

**Herringbone M 100**  
28.0 x 27.5 cm / 11.0" x 10.8"

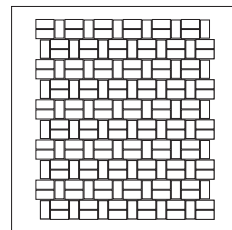

**Laida 510**  
30.1 x 30.4 cm / 11.9" x 12.0"

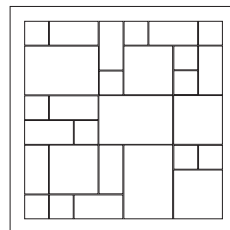

**Laida 735**  
28.3 x 32.7 cm / 11.1" x 12.9"

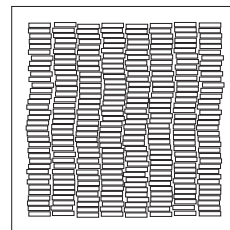

**Madison 510**  
29.7 x 31.2 cm / 11.7" x 12.3"

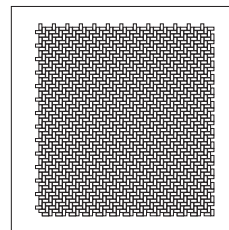

**Madison 1530**  
28.8 x 33.0 cm / 11.3" x 13.0"

**Matrix**  
30.2 x 30.2 cm / 11.9" x 11.9"

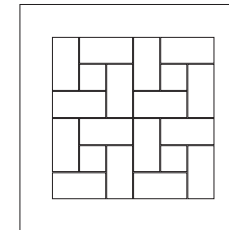

**Ribbed 735**  
30.9 x 29.0 cm / 12.2" x 11.4"

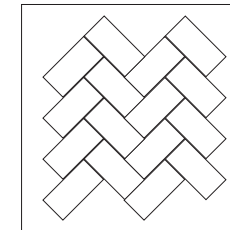

**Thread 510**  
29.1 x 31.3 cm / 11.4" x 12.3"

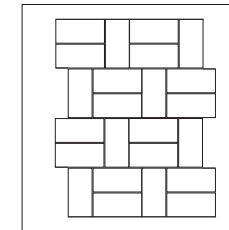

# MASON COLLECTION

**Bond 241**  
29.9 x 29.9 cm / 11.8" x 11.8"

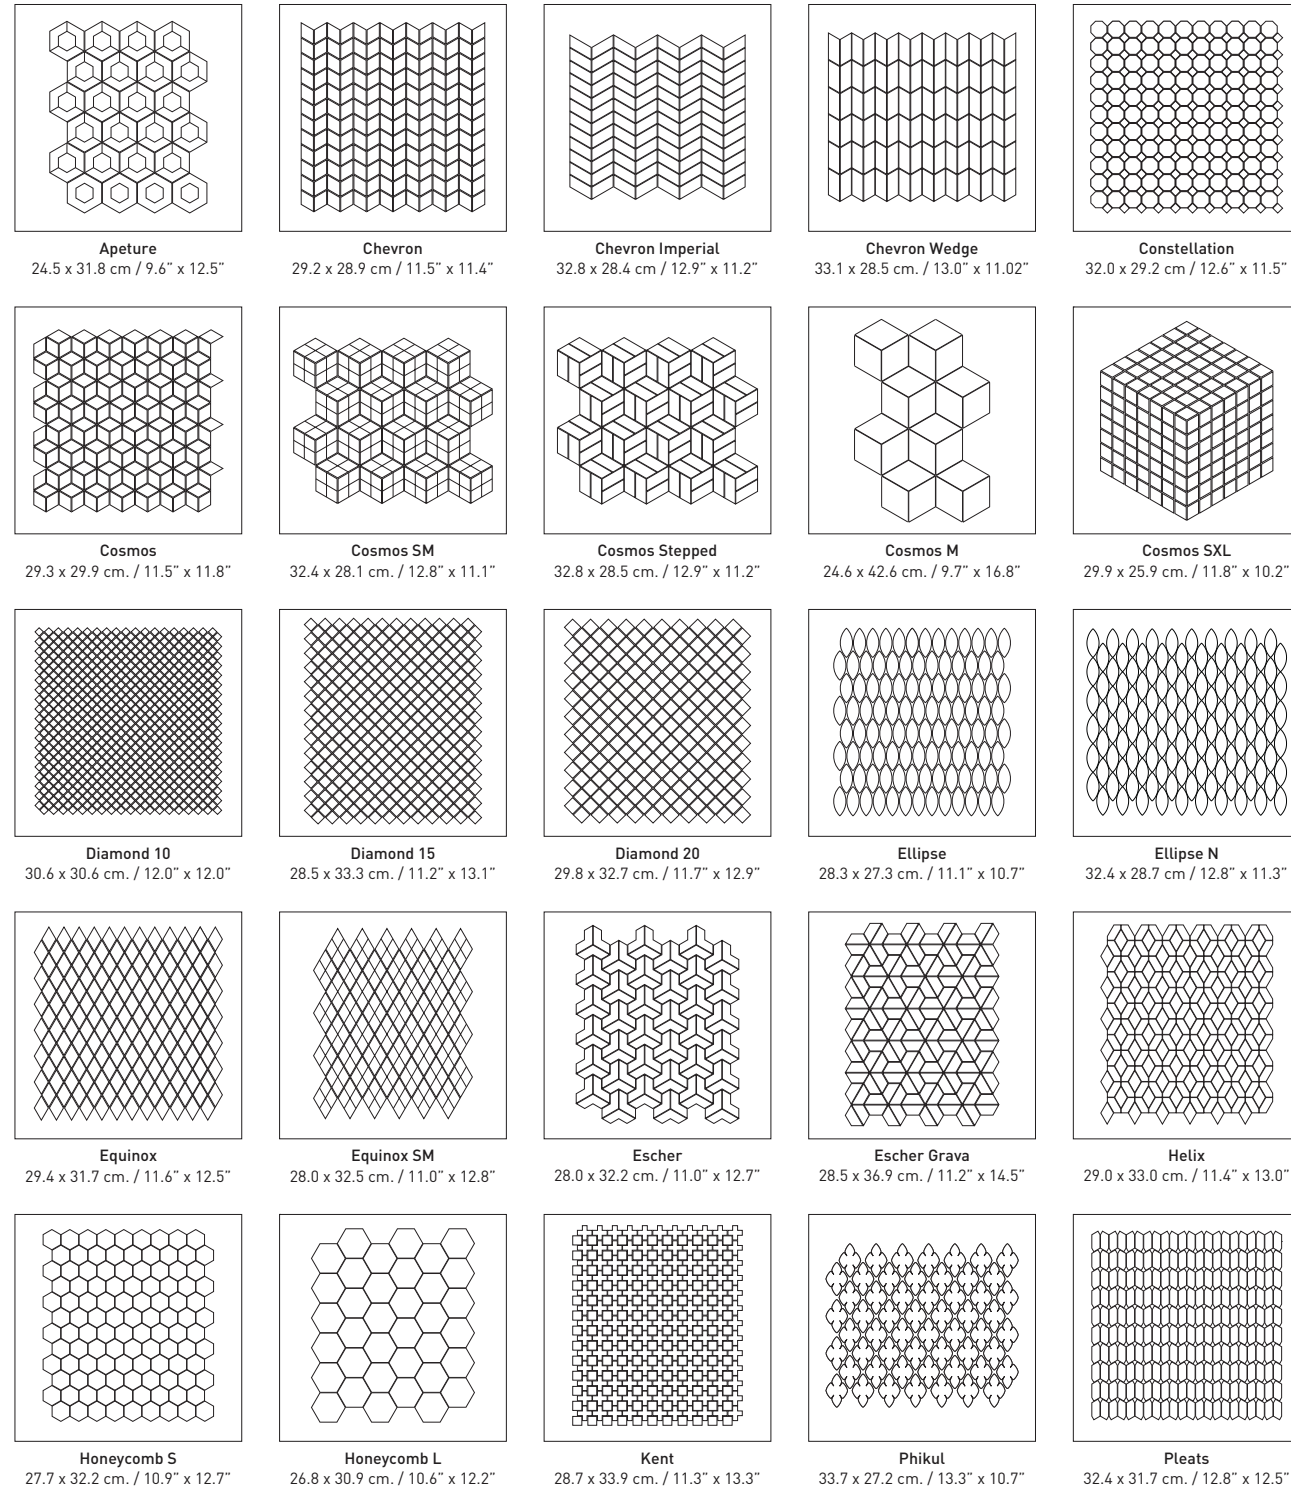

**Herringbone 241**  
28.0 x 27.8 cm / 11.0" x 10.9"

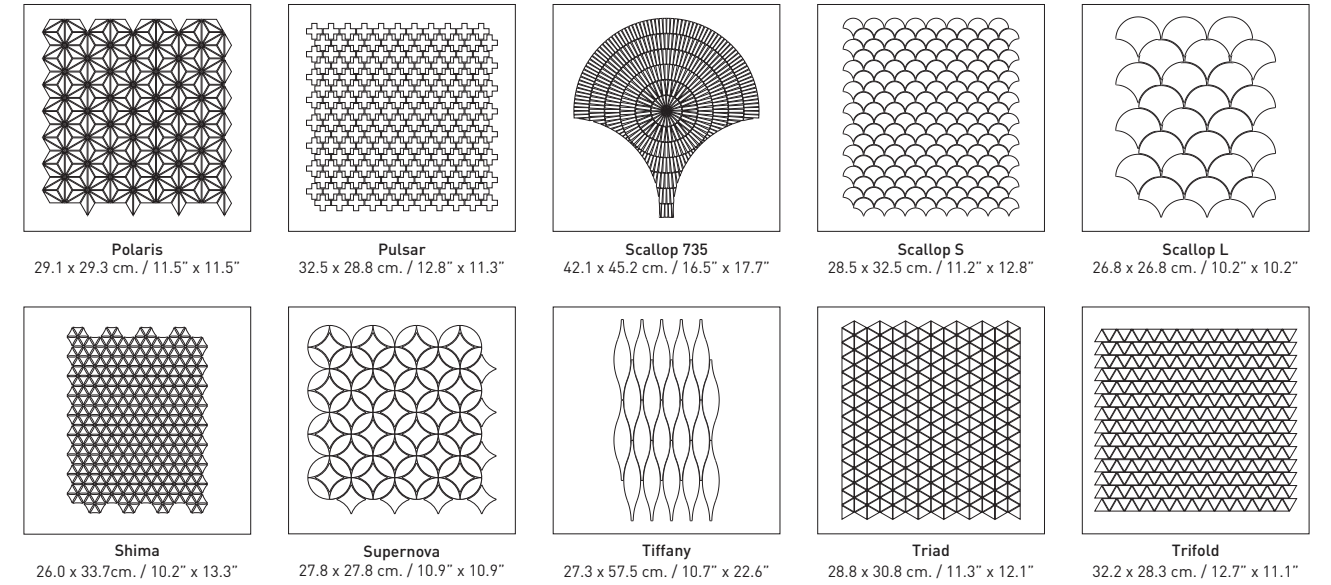

**Madison 241**

# PRODUCT TESTING RESULTS

Technical Characteristics	Results	Test Method
Bond Strength**	Average PSI 318	ASTM C482* Modified
Chemical Resistance	Class A	ASTM C650
Corrected Static Coefficient of Friction - Dry* (after cleaning with Hillyard Renovator)	≥ 0.95	ASTM C1028
Corrected Static Coefficient of Friction - Wet* (after cleaning with Hillyard Renovator)	≥ 0.70	ASTM C1028
Robinson Floor Test***	> Moderate	ASTM C627
Stain Resistance	Class A	ASTM C1378
Surface Burning Characteristics*	Class B	ASTM E84-18B
VOC Emissions	A+	French VOC
Water Absorption	< 3.0%	ASTM C373

Technical characteristics provided are merely general guidelines. And may vary from pattern to pattern. They are not instructions for any particular use in any particular location

\*Based on mosaic 15x15 mm.

\*\*Using Thin-set : 254 Platinum Laticrete, Thin-Set Mortar (White)

Grouted with : Mapei Keracolor Unsanded Grout with Polymer

\*\*\* Based on mosaic 10x10 mm.

## General Information

Sonite products must be kept away from high heat and fires, including direct sunlight and open flames. Do not set curling irons, blow dryers, clothing irons, or other hot objects directly on the surface of the product. For best results, the surface area to be covered should be completely flat and smooth, with all corners perpendicular.

## Sonite Products

Differences and variations in shade, flow, grain, tonality, shape, size, veining, moisture absorption, surface finish, color (including discoloration and/or fading, and/or yellowing over time), texture, and coefficient of friction are inherent characteristics and/or occur naturally during the manufacturing process and are not, and shall not be considered, defects in the Sonite products.

## Application

Please refer to any relevant technical specifications to determine whether a collection is appropriate for an application. Any specifications or guidelines provided by Sonite are merely general guidelines. They are not instructions for any particular use in any particular location.

Sonite products are primarily intended for use as indoor decorative wall coverings. Sonite mosaics (10,

15, 20 mm.) are rated for moderate traffic flooring use only if installed with epoxy based adhesive and non-sanded grout. White colored adhesives are recommended for use with translucent Sonite materials to prevent color drops.

BUYER ACKNOWLEDGES THAT SONITE PRODUCTS MUST BE KEPT AWAY FROM HIGH HEAT (SONITE PRODUCTS ARE NOT INTENDED TO WITHSTAND TEMPERATURES IN EXCESS OF 110° C (230°F) AND/OR FIRES.

Sonite products are rated for use in steam rooms with operating temperatures less than 80° C (176°F) and for wet application (showers, baths, and indoor pools). Epoxy based adhesives and grout are required for installation in steam rooms and wet environments.

Sonite recommends Laticrete 254 platinum, Weber fix plus, and Weber epoxy that have been tested and approved for normal application with Sonite products. For applications with large ambient temperature variation or light traffic floor applications, epoxy based adhesives and grout are recommended.

We believe that the information in this catalog is reliable and offer the information in good faith without

guarantee, as conditions and methods of use are beyond our control. We recommend prospective buyers perform their own testing to determine product suitability for all purposes before adopting Sonite on a commercial or residential scale. In no case is Sonite Innovative Surfaces Co., Ltd. liable for direct, consequential, economic, or other damages. Sonite Innovative Surfaces Co., Ltd. disclaims all other warranties, expressed or implied, including the warranty of merchantability and fitness for a particular purpose.

The data that we have provided is to the best of our knowledge accurate and based on testing for official certifying laboratories. However, each pattern, size and material may be performed differently under different applications and it is up to each customer to determine the suitability of the material for each of their intended application.

NOTHING IN THIS CATALOG SHALL BE CONSTRUED IN ANY WAY TO CONFLICT WITH SONITE'S PRODUCT TESTING RESULTS OF SALE.
